

SURVEY WORK REQUIREMENTS

UNIVERSITY CONTACT:

Manager Operations Center
(302)831-1987

GENERAL INFORMATION:

DESIGN REQUIREMENTS:

All excavations require utilization of the Miss Utility System. IT IS THE LAW OF THE STATE. The Miss utility link can be found on the University web page at www.facilities.udel.edu/policies/policies.htm.

Design professionals have responsibilities to include certain information on drawings regarding underground conditions. IT IS THE LAW OF THE STATE.

On University property you may expect to find the following university utilities:

Electric lines up to 15,000 volts	Chilled water lines
Communication cables	High pressure steam lines
Fiber optic lines	Condensate lines
Campus clock cables	Underground fuel tanks and lines
Domestic water lines	Propane and Natural gas lines
Sanitary sewer lines	Fire protection services
Storm Sewer lines	

Also several other utility company lines are on campus.

DO'S AND DON'TS

DO'S:

DO Use the MISS UTILITY SYSTEM - IT IS THE LAW OF THE STATE. Mark areas to be located with either white paint or white flags

DON'TS:

DO NOT Try to repair or cover up underground utility damage, call 831-1141. If the utility is other than the University's, contact the Utility Company immediately.
