-- END OF SECTION --

BATH TISSUE *Dispensers*

SERIES-I IN-SIGHT® JRT® JR. ESCORT®

Dispenser made of durable plastic. Front cover includes provision for custom deco strip. Designed to dispense a 9.38" diameter x 3.8" wide tissue roll with 3.25" diameter core, plus stub roll. Dispenser holds more than the equivalent, in length, of five standard rolls of bath tissue. Features hinged front cover, push button for easy open or common key lock to reduce pilferage, and tear-off bars on side and front of dispenser opening. Dispensers shipped one per case. ***Suggested Mounting Height: 30"***

NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.

BATH TISSUE *Dispensers*

SERIES-I IN-SIGHT® JRT®

Dispenser made of durable plastic with a gray body and smoked transparent cover. Designed to dispense a 13" diameter x 3.8" wide tissue roll with 3.25" diameter core. Dispenser holds more than the equivalent, in length, of ten standard rolls of bath tissue. Dispenser is designed to minimize run-out, waste, and maintenance time. Features hinged front cover, push button for easy open or common key lock to reduce pilferage, and tear-off bars on side and front of dispenser opening.

Dispensers shipped one per case.

Suggested Mounting Height: 30"

NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.

BATH TISSUE *Dispensers*

JRT® COMBINATION TISSUE DISPENSER

Dispenser is made of a durable grey plastic body and smoked transparent cover. It can dispense either two full 9.38" diameter rolls or one standard 13" diameter roll plus stub roll. All rolls have a 3.8" width and a 3.25" diameter core. With two full 9.38" rolls it holds more than the equivalent in length of ten standard rolls. Design minimizes run-out, waste, and maintenance time. Features hinged front cover, push button for easy opening or common key lock to reduce pilferage, and tear-off bars on sides and front of dispenser opening. Dispenser is shipped 1 per case.

Suggested Mounting Height: 30"

NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.

Sanitary Napkin Machines

Our J10-RC White Enamel Vendor dispenses a full line of feminine hygiene products: napkins, tampons, and pantyshield. The vendor can also be converted to dispensing napkins and tampons only.

- Attractive 'refrigerator' finish
- Easy to mount
- Individual, die-cast coin mechanisms
- ADA compliant handles
- Silk-screened graphics
- Most trouble-free vendors on the market today

Specs:

- Product Code: 25166200
- Capacity: 16 Napkins/34 Pantyshield/24 Tampons or 32 Napkins/24 Tampons if converted
- Specifications: 15 1/2" W x 31 1/4" H x 5 1/2" D
- Shipping Weight (each): 28 lbs., 1.93 cubes
- Replaces Competitor Vendor: No equal

Keys: CR – 8 Coin

CR – 28 Outside Lock

HAND TOWEL Dispensers

09990

IN-SIGHT® SANITOUCH® HRT 1.5" HUB

Made of high-impact plastic with a smoked transparent cover with a gray back.

Dispenser automatically advances and cuts a nominal 12 " of towel when activated by pulling exposed towel. No-touch dispensing system helps minimize the spread of dirt and germs. Dispenses one 8" diameter roll with 1.5 " cores. Features include emergency feed knob and choice of key-activated spring lock or push button operation. 1 per case.

Suggested Mounting Height: 52"

NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.

HAND TOWEL *Dispensers*

IN-SIGHT® PUSH ROLL TOWEL DISPENSER

Made of break and chemical resistant plastic with a black housing and transparent smoke cover. Dispenses one 8" diameter roll with 1.5" diameter core. Features battery-free side push bar operation and is easy loading with quick access and exposed roll holders.

SOAP Dispensers

**KIMBERLY-CLARK PROFESSIONAL * CASSETTE
SKIN CARE DISPENSER-1000 ML**

Cassette skin care system with manually activated dispenser with a 1000 mL capacity. Easy loading and provides for a new pump with each recyclable refill in various soap and foam formulas. Compatible with universal mounting brackets and wall and floor protector. **1 per packet.**

NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.

Mounting Instructions for Kimberly-Clark * Professional Skin Care Dispenser

Instalación de dispensadores de productos para el cuidado de la piel Kimberly-Clark * Professional

Instructions sur la pose de la boîte distributrice de soins pour la peau Kimberly-Clark * Professional

IMPORTANT! For secure mounting, follow instructions thoroughly.
¡IMPORTANTE! Para lograr una instalación segura, siga las instrucciones al pie de la letra.
IMPORTANT! Suivre attentivement les instructions pour une installation sécuritaire.

For porous, textured, or wallpapered surfaces, screw mounting is recommended. Ensure that mounting hardware is appropriate for your wall surface. Tape mounting is possible by using universal mounting bracket (provided separately).

Si la superficie es porosa, texturizada o revestida con papel tapiz, se recomienda la instalación con tornillos. Verifique que los accesorios de instalación sean apropiados para el tipo de material de construcción de la pared. La instalación con cinta adhesiva se realiza con el soporte universal (provisto por separado).

Dans le cas de surfaces poreuses, texturées ou recouvertes de papier peint, il est recommandé de fixer la boîte distributrice à l'aide de vis. S'assurer que la quincaillerie convient à la surface du mur. Il est possible de fixer la boîte distributrice à l'aide de ruban adhésif en utilisant les supports de fixation universels (fournis séparément).

SCREW MOUNTING DISPENSER INSTALACIÓN CON TORNILLOS BOÎTE DISTRIBUTRICE FIXÉE À L'AIDE DE VIS

1. The dispenser may be mounted using the hardware provided. Ensure that proper mounting hardware is used for your wall composition, as enclosed hardware may not be compatible with your wall surface.

1. La dispensador se puede instalar con los accesorios incluidos. Asegúrese de usar los accesorios de instalación apropiados para el tipo de material de la pared, ya que es posible que no sean apropiados en su caso.

1. La boîte distributrice peut s'installer à l'aide de la quincaillerie prévue à cet effet. Vérifiez que la quincaillerie convient au type de mur auquel vous fixerez la boîte distributrice; il se peut qu'elle ne convienne pas.

2. Use the dispenser mounting template provided on the carton to mark and drill holes in the appropriate slots.

2. Utilice la plantilla de instalación incluida en el paquete para marcar y perforar los agujeros en las ranuras apropiadas.

2. Utilisez le modèle de montage qui se trouve sur la boîte distributrice pour marquer l'emplacement des trous puis percez les trous aux endroits appropriés.

3. Open dispenser by pushing up on the release latch located at the bottom of the dispensers back plate. While pushing the release latch up, grasp dispenser cover with the other hand and pull downward.

3. Abra la dispensador empujando hacia arriba el seguro del fondo de la placa de soporte de la dispensador. Empuje el seguro y sujete la puerta de la dispensador con la otra mano jalándola hacia abajo al mismo tiempo.

3. Ouvrez la boîte distributrice en poussant vers le haut le loquet situé au bas de la plaque arrière de la boîte distributrice. Tout en poussant le loquet vers le haut, saisissez le couvercle de la boîte distributrice avec votre autre main et tirez-le vers le bas.

4. Use screws to attach the dispenser to the wall surface.

4. Fije la dispensador a la pared con los tornillos.

4. Utilisez les vis pour fixer la boîte distributrice au mur.

TAPE MOUNTING DISPENSER: Tape Mounting is possible by using universal mounting bracket (provided separately)

INSTALACIÓN CON CINTA ADHESIVA: La instalación con cinta adhesiva se realiza con el soporte universal (provisto por separado).

BOÎTE DISTRIBUTRICE FIXÉE À L'AIDE DE RUBAN ADHÉSIF:

Il est possible de fixer la boîte distributrice à l'aide de ruban adhésif en utilisant les supports de fixation universels (fournis séparément).

INSTALLATION AND REMOVAL USING THE UNIVERSAL MOUNTING BRACKET INSTALACIÓN Y DESINSTALACIÓN CON EL SOPORTE UNIVERSAL INSTALLATION ET DÉPOSE AVEC LES SUPPORTS DE FIXATION UNIVERSELS

INSTALLATION • INSTALACIÓN • INSTALLATION

1. Align back of dispenser with existing wall bracket.
1. Alinee la parte posterior de la dispensador con el soporte de pared instalado.
1. Alignez la partie arrière de la boîte distributrice avec le support de fixation mural.

2. Slide dispenser down bracket.
2. Deslice la dispensador hacia abajo sobre el soporte.
2. Faites glisser la boîte distributrice vers le bas pour l'engager dans le support de fixation.

3. Strike top of dispenser to lock in place.
3. Presione la parte superior para trabar en su lugar.
3. Appuyez sur le haut de la boîte distributrice pour verrouiller la position.

REMOVAL • DESINSTALACIÓN • DÉPOSE

1. Strike bottom of dispenser to unlock from bracket.
1. Presione hacia arriba la parte inferior de la dispensador para destrabarla del soporte.
1. Appuyez sur le bas de la boîte distributrice pour la déverrouiller du support de fixation.
